#### THE BOTTLING WORKS.

GINGER ALE, CHAMPAGNE CIDER SODA WATER, NERVE FOOD.

The Wichita Bottling Works-An Inside View of the Works-How Fountains are Charged--An Immens Business That Covers a Large Territory.

Until one sits down and figures he has very little idea of the vast amounts of soda water and kindred drinks that are consumed every summer. That such drinks are wholesome has been demonstrated years ago, and few have any idea

WICHITA BOTTLING WORKS. care and skill, to nothing of the expensive machin ery that is called into requisition to make the ordinary soda that is so lightly tossed

factured so cheap. delivery wagons are in constant use and by a leading divine on some theological seven horses are worked from daylight to subject. Remember that railroads sei dark during the busy season. The works | tickets at one fare for round trip. are on the corner of First and Waco streets and a switch of the Missouri Pacific runs through the yard, thus affording the best railroad facilities. The bottles are imtil, sooner or later, they are broken in the

The office is in the northeast corner of the works, and the other portion Friday, June 27, charging one and oneis entirely devoted to the use of third fare for the round trip, good to rethe generator and bottling machinery. The front of the upstairs is occupied as a store room and furnishes quarters for the watchman who has charge of the business at night. On account of the large expor trade the cars are loaded at night as well as day and it is thus necessary to have a sible man living on the premises Soda water is the standard product and

although it is flavored in different ways so that it is not easily recognized ft is soda water just the same Soda or aerated water is simply pure water double generator, having a capacity of fixed at \$10,000 by Judge Foster. seventy-live gallons per day. They are tested for a pressure of three hundred pounds to the square inch. In the main cylinders common marble dust and water the principle of a churn keeps the dust and water thoroughly mixed. phuric acid is then put into a drum attachment from which it is pumped into the dust produces carbonic acid, which becomes thoroughly combined with the water and creates the pressure before reoff and flavored with some syrup and put into bottles and corked. The product is put in the bottles under pressure and they are corked by machinery without allowing any of it to escape. When opened Col., has been visiting her parents, Mr.

PERSONAL GOSSIP.

A 5-year-old boy named Gussie Easterly is said to be the latest addition to Louisville's corps of preachers.

Senator Sterford owns the Jargest vineyard in the world. It is in Tehama county, Cal., and covers 3,825 acres. Senator Wolcott, of Colorado, earns \$50,000 a year as attorney for rallroads in

his state outside of his salary of \$5,000 a year as senator. Bismarck is well versed in English literature, and has been known to quote twenty or thirty lines of "Lalla Rookh" on the

spur of the moment. Charles A. Dana has a delightful summer home on West Island, near Glen Cove.

N. Y., where he raises horses and mush rooms and plays billiards.

gables, just balf a mile from the Illinois state house, at Springileld. The place is called Oakwood, and embraces an estate of about seven acres. Senator Hearst's Washington house contains seventy rooms. So far \$170,000 has

been spent in furnishing it, and this is said to be only a beginning. Thirty years ago the senator occupied an attic room in a Missouri farm house, where he was working for his board. William Waldorf Astor has employed artists at an expense of something like \$10,000 to fliustrate one copy of each of his

novels. These copies form a private edition do luxe, each one being labeled "My Personal Copy," and occupying a prominent place in his library.

THE LATEST IN SILVERWARE.

Betting books have silver backs with a horse and jockey in full run. Tiny match boxes for fuses have sporting

scenes in enamel on the back. Eyeglass cases of silver have small raised fleur de lis on an oxidized surface.

Nursery watches are set in silver standards horizontally, like mariners' compasses. Scent bottles of glass are square or obloni and covered with perforated silver on which certain parts of the ornament are gilt.

Cork screws made of handsome woods,

silver, are both pretty and convenient. Mourning pins are made in dead enamel on silver, with a line of the metal showing. Floral forms, pre-eminently the pansy, are

Embroidery scissors are made with flat

namines of suver man expand into wide and delicate interlacings. These are kept in beautiful leather cases.

A vinaigrette for a chatelaine is a silver fish. A portemonnale is a scallop shell. Vinaigrettes also fashionable are shaped like the tear bottles of the ancients.

Silver night tapers are balanced on standards. Beneath are long cores of red and yellow wax, which feed the receptacle. A small extinguisher forms a part of the

Hanging pincushions are made of perforated silver in cylindrical forms over red at the end. Sometimes these are of hour giass shapes.-Jewelers' Circular.

> All the plain black dress goods are reduced in price, to force them out this week.

One of the hardest things for a man to do is to openly confess his errors. When east this season we were offered large quantities of dry goods for much less or place on the Bock Island and Albert than the goods were Lea route.

Further arrangements have also been really worth and in our reflected for low or the state of the law and in our respected for low or the state of the law and in our respected for low or the state of the law and in our respected for low or the state of the law and in our respected for low or the state of the law and in our respected for low or the state of the law and the law and the state of the law and the law and the law and the state of the law and the law really worth and in our eagerness to make money we purchased more of these goods than we fear the trade demands and now in order to make business lively at the "Arcade" we set aside about \$5,000 worth and cut the prices almost in two. No matter where you have been in the habit of doing your business you never can afford to pass a dollar by when you can get it for 50 or 60 cents. The closer the times If you have friends in the east who con-template coming west, or if you are going ity to make your money go as for as possi-

> Just glance at our prices in our ad on another page and better than all advertisements we have the goods in the store and at the prices named. The cut price is markand you can see for yourselves when you
